

Santa's Army Assemble

It's finally happened... Mr. Heatmiser has found a way to increase the rate of global warming and destroy the North Pole. His brother is imprisoned and unable to maintain the cold temperatures. Santa's workshop (and the rest of the polar ice caps) is melting. The sea levels are rising. It looks like Christmas will be ruined forever.

Santa's Army Initiative

There was an idea called the Santa's Army Initiative. The idea was to bring together a group of remarkable people, see if they could become something more. See if they could work together when we needed them to fight the battles we never could."

Santa's Army Initiative

Now is the time... we need them. And we need you to help get them ready. So, your job is to design a superhero with amazing environmental science abilities to help defeat Heatmiser and save Christmas for all. You need to:

- Draw a picture of your superhero
 - Actual picture of hero
 - Detailed Symbol of hero
- Include the following on your picture:
 - Superhero Name
 - Location/Type of Secret Hideout
 - Secret Identity/Occupation
 - Powers/Weaknesses – Be specific
- Work with others in your class to assemble your team. Come up with:
 - Team Name
 - Team Captain
 - Do one of the following:
 - Short story about how your team defeated Heatmiser
 - Cartoon strip/story board about how your team defeated Heatmiser
