

The Stanley and Stella Becker Environmental Scholarship

The Community Foundation of Monroe County is pleased to continue a scholarship opportunity for graduating Monroe County seniors planning to pursue an environmental degree. The family of Stanley Becker previously established the **Stanley Becker Environmental Resource Scholarship** in cooperation with the Monroe County Conservation District. Mr. Stanley Becker and his wife Stella have long been local citizens who valued the natural resources of Monroe County. This Scholarship was created in memory of Stanley and in honor of his wife Stella, who offered their time and talent to honor our region's natural resources.

The **Stanley and Stella Becker Environmental Scholarship** is awarded to a Monroe County resident who is a senior graduating from high school and plans to continue post-high school education in an environmental-related field and demonstrates a passion for protecting or working with our natural resources. The Scholarship is available to:

- a resident of Monroe County
- a high school senior
- a student intending to continue their education in an environmental-related field.
-

One (1) \$750.00 scholarship is available for the 2025-2026 school year. Online access to our scholarship portal (hosted by the Scranton Area Community Foundation) is available anytime by visiting <https://cfmcpa.org/scholarships/>. After completing the Universal Scholarship application on the portal, students can complete the online application for the scholarship opportunities they qualify for between January 2 and March 1, 2025.

Do you have questions about applying for a scholarship? Please contact Samantha Holbert, Executive Director of the CFMC, at Director@cfmcpa.org or (570) 213-9083.
